To Whom It May Concern;

I do not support your proposed expansion of the Low Power FM (LPFM) broadcast service. I listen to a local broadcast of K-LOVE (local stations are 89.7 and 88.7). The music selection is extremely uplifting to both myself and my family. I am greatly pleased by the fact that I can keep my radio (home and car) tuned to this station and not have to worry about content inappropriate for my children. The loss of these stations would have a severe adverse impact on us.

Furthermore, as a member of the US Air Force, I am frequently traveling or moving between assignments. Before a trip or a move, I always find out if there is a K-LOVE station in the area so I can tune my radio accordingly. This is especially helpful on a cross-country drive.

I ask that you do not implement your proposal to expand the current LPFM service as it would take away one of the few morally upright nationwide radio broadcasts.

Thank you,
Darin L. Kallen
